

All I Wanna Do

So you all know that I have written a lot about your mother, but really there is so much more to share. You know when I was preparing this video I was thinking about the overwhelming task of creating a video. Pretty daunting. I know for you guys this was a piece of cake, but for me it was a bit of an enormous task. I knew that I wanted to include Beach Boys music. I actually wrote a note for Emily, which she hasn't seen until now:

*I need your help putting together a good video for Mom
This Is The Beach Boys #2 #3 #4 #5...*

Wasn't really sure about how or what I was going to put in my video. I just knew that I wanted it to include Beach Boys music. You might think this is silly telling you all about this, but that is because the Beach Boys are such an integral part of what your mother enjoyed listening to when I met her. She loves all their songs. They're spot on .. Don't Worry Baby, Fun Fun Fun, Surfing USA, Kokomo .. they are all about your mom. She used to dance around the apartment singing these songs at the top of her lungs. The car, the house, the hike; she could barely contain her enthusiasm. She still does it, and I love it. This is something unique and wonderful that I love about your mother. Now she is usually a bit reserved and timid, but put on a Beach Boys album, and she comes alive be-bopping around the house. Best thing ever

So how did I ever happen upon this California Girl? That's the big question. Little Castle Valley farm hand Mathew meets and falls in love with Surfer Girl powerhouse, and the really amazing thing is that she fell for me! I don't what to say, just pure luck, I guess. I Get Around

Let's just say. She's definitely out of my league, but Then I Kissed Her. (dad joke)

I will tell you A Thing Or Two. This is Forever, and I would Do It Again in a minute.

Help Me Rhonda! I am just California Dreamin for such a miracle.

Happy Valentines Linda! This is Meant for You

Love
Mathew
